## Carreer Objective

---

I am confident that I have the skills and experience to be a valuable asset to your team. I am eager to learn and grow in my career, and I am confident that I can make a significant contribution to your company.

## Skills and Technology

---

**Expertise :** Tailwind css | Daisy ui | Javascript | React js

**Familiar :** Node js | Express js | MongoDB

**Tools :** Firebase | Vercel | Netlify

## Projects

---

**Starforce Universe —** [ Javascript, React js, Express js , MongoDB , Firebase ]

[Client](#) | [Server](#) | [Live](#)

- Navlink is dynamic. If users do not login then we can't get permission to show details about comic books and Navigate to the login page .
- Add a comic page is conditional . if the user exists then get permission to add a new comic book .
- My comics page contains all books that he/she was added . It comes from mongoDb .

**Cricket World —** [ Javascript, React js, Express js , MongoDB , Firebase ]

[Client](#) | [Server](#) | [Live](#)

- Using a private route to prevent without login , no one access the select class .
- Dashboard is conditional . Only students , instructor and admin can access a specific dashboard .
- Admin can manage all classes and make instructor as well .

**Hunting Jobs —** [ Tailwind css, Daisy Ui, Firebase, Javascript, React js ]

[Client](#) | [Server](#) | [Live](#)

- Using a private route to prevent without login , no one access the select class .
- Dashboard is conditional . Only students , instructor and admin can access a specific dashboard .
- Admin can manage all classes and make instructor as well .
